**Walter Reeves : Georgia Fruit Vegetable Book (Southern Fruit and Vegetable Books)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Georgia Fruit Vegetable Book (Southern Fruit and Vegetable Books):

1 of 1 people found the following review helpful. Georgia Fruit and Vegetable BookBy Diann DirksThis book is one

of my many valuable resource volumes which I refer to when I'm designing an edible environment. It tells you what things you can grow in Georgia which has some unique gardening challenges. It was one of the first books I purchased when moving to Georgia from California where I had to learn what I could put on my pallet of grow-able plants here. 6 of 6 people found the following review helpful. Good book for specific info only By Meagan A. Richards-boeff Get this book if you want specific information on varieties of vegetables that do well in Georgia and specific planting dates for seed and transplants. Otherwise, this book is of marginal use. There is a lot of repeated information about soil amendments and a lot of vague references to pests. I would have liked to see a section devoted to identifying and controlling pests and disease. I get the impression Walter Reeves just stuck his name on this book and left the rest up to the co-author and editor. 0 of 0 people found the following review helpful. GREAT! By TexasGal76 INFORMATIVE!

Gardening is now the favorite leisure pastime in America. Homeowners are realizing the benefits derived from gardening, namely enjoyment, exercise, and nutrition. Book retailers are well aware that the trend in gardening books is to regional titles that provide credible information on the plants that perform well in specific regions. "The Georgia Fruit Vegetable Book" is written by the highly popular gardening experts Walter Reeves and Felder Rushing. Contains advice for plant fruits, vegetables, and herbs. With 60 featured plants, the authors provide characteristics of available varieties, planting and maintenance advice, as well as recipes for dishes from the garden.

About the Author Rushing is a 10th generation Southern gardener. He is a leading Extension Service consumer horticulturist in Mississippi and has two degrees from Mississippi State University and the Louisiana State University Landscape School of the South. He coordinates Master Gardeners in the state's capitol.
