**Marvin H. Meisner, M.D : Giant Tomatoes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Giant Tomatoes:

1 of 1 people found the following review helpful. It's okBy BobIt seems to me that this book is mostly about the photos. It does have useful information IF you are growing monster tomatoes but is fairly basic otherwise. I did like the "comments from growers" in every chapter and the advice on growing seasons throughout the US.1 of 1 people found the following review helpful. Good informationBy John HuntVery interesting has a lot of information that sounds good. I can't wait to try0 of 0 people found the following review helpful. Four StarsBy Laura W.Good book

Giant Tomatoes is the first book on tomatoes that deals exclusively with growing tomatoes for size and yield. Thirty-one chapters and an abundant appendix covers everything on growing big tomatoes. Whether you re competing with yourself, your neighbor, or at a local, regional, or national competition, Giant Tomatoes will put you on a level playing field with the best tomato growers in the world. This book covers everything! Marvin Meisner takes you step-by-step through the intricacies of selecting varieties, preparing soil, fertilizing, watering, pollinating, pruning, and more plus, the secret of every successful, competitive giant tomato grower the megabloom! This is the most comprehensive treatment ever written on giant tomatoes. -- Don Langevin, Author of How-to-Grow World Class Giant Pumpkins
