9 of 9 people found the following review helpful. This book is enjoyable to browse through.By A CustomerThis book is beautifully presented with fabulous photographs. It is broken up into three sections: Gifts for the gardener, Gifts for the Garden, and Natural Garden Gifts. Some of the ideas are really practical and could actually be useful gifts, but some are fairly unpractical for most people (as they require you to purchase difficult to find items). However, all the instructions are clear and detailed enough to successfully make each project.

Over 20 projects with delightfully personal ideas that evoke the joys of nature and the pleasures of gardening,
