Marc Horovitz, Pat Hayward : Gorgeous Garden Railways before purchasing it in order to gage whether or not it would be worth my time, and all praised Gorgeous Garden Railways:

0 of 0 people found the following review helpful. Exactly as expected - happy with the purchaseBy Irish MomAs other reviewer's have stated, this book contains many beautiful pictures. It was just as we expected and we are happy with our purchase. We are complete novices with regard to train indoor or outdoor but it is fun to make big plans and this book provides lots of inspiration. (It is a paperback, which I knew when I purchased it. I think that hardback would be a better format.)10 of 10 people found the following review helpful. Gorgeous pictures, short on detailsBy Totally loco!I bought this as part of a four book purchase including "Getting Started in Garden Railroading: Build the Railroad of Your Dreams... in Your Own Backyard" by Allan Miller (5 stars), "Garden Railroading: Getting Started in the Hobby" by Garden Railways Magazine (4 stars), and "Practical Garden Railways" by Peter Jones (2 stars).This is exactly as advertised. 140 pages of really nice pictures of garden railways. Don't look for it to provide any real practical suggestions on fixing problems but some of the photos may inspire layout ideas. It's also a good "coffee table" book as another reviewer mentioned.0 of 0 people found the following review helpful. Five StarsBy Aaron PilkeyExcellent photos, and great ideas.

This book features large portraits and informative text on garden railroad landscaping, trains, infrastructure, ponds and water features, and other landscape challenges. Marc Horovitz, editor of Garden Railways, and Pat Hayward,

horticultural editor of Garden Railways offer details that both model railroaders and garden enthusiasts will appreciate.

About the Author Marc Horovitz is the founder and editor of Garden Railways magazine, the hobby's preeminent journal. He lives in Colorado. Pat Hayward is the horticultural editor of Garden Railways. She lives in Colorado.
