Get gourding with this beautiful project book on painting charming personalities on gourds. Over the past several years, painting and decorating gourds has become an increasingly popular pastime for crafters and decorative painters. Now, Sammie Crawford has produced the book they've been waiting for - one that delivers not only the specialized

techniques and instruction they need, but the inspiration they want. Crawford provides advice for preparing gourds and getting started, information on tools and materials, plus unique tips, hints and patterns. The eight step-by-step projects include: lighthouses and mermaids, bow-legged cowboys and farmers, chickens, cats, rabbits and frogs, egg ornaments and projects with holiday themes, and much more. Gourding is a fun, inexpensive hobby for both beginner and advanced crafters and decorative painters.
