These two books are not just for the accomplished gardener; in fact, they are a really good pair for the novice. 1 of 1 people found the following review helpful. Excellent resource for gardeners! By MAH Love this book. Easy to read and understand. Great visual pics to help with understanding her garden layouts. Beautiful photos

of plants. Excellent book for all gardeners, whether a newbie or experienced. Must have book and definitely recommend. You will be glad you have this resource in your library. 2 of 2 people found the following review helpful. Great Book- Could use more real pictures
By Mamma Manda
This was a great book. I would HIGHLY recommend this book and combining techniques with Mel Bartholomew and the Square Foot Garden Method. This book really was very very good. Great ideas, even the specifics and diagrams on building and fixing projects. *but* most of the drawings were mediocre, and while there were real pictures, I would have preferred (other than for diagrams) real pictures throughout. Still- definitely a great buy for the novice and seasoned green thumb.

Discover the secrets of a naturally pest-proof vegetable garden with Great Garden Companions. Great Garden Companions is a book as fresh as the first spring carrot, as new as a butterfly emerging from a chrysalis. Sally Cunningham's gentle appreciation for the intricacies of nature coupled with plenty of practical, hands-on gardening experience makes her book both useful and soul-satisfying. Her garden plans are doable and earth-friendly, and her guide to backyard beneficial insects is invaluable. This book deserves a place in the library and hearts of concerned gardeners everywhere. Sharon Lovejoy, author and illustrator of Sunflower Houses and Hollyhock Days and a contributing editor to Country Living Gardener magazine
Great Garden Companions lives up to its name-- it's great! This very approachable how-to book brings organic gardening to a whole new level-- viewing the garden as part of nature. I wish I'd had a book like this when I started gardening. Rosalind Creasy, author of The Complete Book of Edible Landscaping and Herbs: A Country Garden Cookbook
