These Irish houses are what lies at the end of the rainbowBy ChadGGreat Houses of Ireland is a wonderful book for the Irish, architecture, or home design enthusiast. It is filled with lots of great pictures of some of Ireland's most extravagant castles and houses, both inside and out. The book also includes history and interesting facts about these monumental abodes. If you enjoy European architecture, lavishly decorated homes, and lots of beautiful photography, this would be an excellent book to own. It would also make a great coffee table book with it's hard covers and large size.

Although known for its lush green vistas and glorious countryside, Ireland also boasts an architectural trove of 18th- and 19th-century country houses.Great Houses of Ireland reveals 26 of these wonderful castles and county seats, many never published before in full color.
