James Fizzell : Guide to Indiana Vegetable Gardening (Vegetable Gardening Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Guide to Indiana Vegetable Gardening (Vegetable Gardening Guides):

12 of 12 people found the following review helpful. Gardening 101 By A. Pezzuto This book is a good reference for anyone who is interested in getting into gardening who has an ounce of science in their soul. Focusing on Indiana, the plants chosen for review, and weather information are specific to that region, however this book's methods could apply

to gardening anywhere. Despite being very light on images, this book made it into my top 2-3 gardening books after borrowing 15+ books from my local library. 0 of 0 people found the following review helpful. Five Stars By Econdra A great help for a novice Indiana herb grower. 1 of 2 people found the following review helpful. Four Stars By JR Good book.

This book offers advice on everything from starting your garden from seed, to planning your garden with helpful space saving techniques. Make this guide a must-have resource for anyone interested in growing vegetables, no matter what their space requirements. Helpful charts will outline when to plant and when to harvest cool and warm season vegetables.

About the Author James Fizzell has more than 50 years of hands-on horticultural experience, making him the source other experts turn to with their toughest turf, vegetable, landscape, and plant problems. Fizzell is well known to midwest gardeners through numerous appearances on radio and TV and from articles for neighborhood weekly newspapers. Jim has written more than twelve books for midwest gardeners for Cool Springs Press.
