Ellen DeGeneres : Home before purchasing it in order to gage whether or not it would be worth my time, and all praised Home:

0 of 0 people found the following review helpful. Definitely one of my favorite design booksBy Sean DuttaI rarely write reviews of books, but had to say a few words about this one: Definitely one of my favorite design books. The photographs are nothing short of spectacular and you can get lost in Ellen's rooms. The resource guide at the end is pretty nifty too.0 of 0 people found the following review helpful. Five StarsBy ValerieBeautiful table book. Everyone wants to look at it.0 of 0 people found the following review helpful. Also enjoyed the perspective of her guest decorator collaboratorsBy Marie S.Ellen has chosen many interesting real estate prospects that each have had their own distinctive features. Showing each of them redone with a collected group of specialty pieces that have been used in each home gives people the opportunity to recreate their personal spaces, and reuse their furniture in fresh, new ways. Very tastefully done. Also enjoyed the perspective of her guest decorator collaborators.

Ellen DeGeneres has bought and renovated nearly a dozen homes over the last twenty-five years, and describes her

real-estate and decorating adventures as "an education." She has long cared deeply about design: "I think I wanted to be an interior designer when I was thirteen."

About the Author Ellen DeGeneres is a beloved stand-up comedian, television host, bestselling author, and Emmy-winning actress. She hosts the syndicated talk show *The Ellen DeGeneres Show* and is the Executive Producer of *Ellen's Design Challenge*. She is the author of the New York Times bestseller *Seriously...I'm Kidding*, published by Grand Central.
