**Catriona Gray, House Garden : House Garden 1950s House (Decades of Design)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised House Garden 1950s House (Decades of Design):

The first title in a series covering twentieth-century interiors by decade using original material from the British House Garden's peerless archive. The post-war consumer boom of the 1950s, coupled with a desire for new, innovative design resulted in one of the most exciting decades in the history of interiors - a visual revolution that was captured on the pages of British House Garden. In *Fifties House*, mid-century modern enthusiast Catriona Gray has drawn on the magazine's peerless archive, curating the best illustrations and photographs to show how the use of color, pattern, home-wares and furniture evolved through the decade. The homes of key taste-makers are featured including Le Corbusier, Gi Ponti, Terence Conran and Hans and Florence Knoll. The first title in the new Decades of Design series, *House Garden Fifties House* is required reading for mid-century modern enthusiasts, collectors and decorators in

search of inspiration from the most influential homes of the past.
