Thomas Daniell : Houses and Gardens of Kyoto before purchasing it in order to gage whether or not it would be worth my time, and all praised Houses and Gardens of Kyoto:

2 of 2 people found the following review helpful. Buy this book!! This book contains more information than five independent books covering the different topic materials discusseBy idrinkfairtradeBuy this book!! This book contains more information than five independent books covering the same topic materials discussed within. I know....I have purchased them.1 of 1 people found the following review helpful. A Vibrant Addition to My LibraryBy William J. TuckerThis book is beautiful, a good way to plan a visit to temples and gardens in Kyoto or to indulge in nostalgia if one has already been there. Some of the pictures are small . . . but they are clear. The text seems insightful.1 of 1 people found the following review helpful. Five StarsBy ReaderGreat item and fast delivery!

For all the damage that has occurred over the centuries, for all the relentless and destructive modernization still taking place today, Kyoto, imperial capital for more than a millennium, remains a rich, inexhaustible archive of Japanese cultural history.Houses and Gardens of Kyoto introduces a broad array of Kyoto's traditional houses from every period of the city's history. They range from summer villas to townhouses, from monumental Buddhist temples to insubstantial garden pavilions, from personal homes to traditional inns. All have their associated outdoor spaces, whether condensed courtyard gardens, picturesque stroll gardens, "dry landscape" stone gardens, or the "borrowed

scenery" of distant landscapes. Both exquisite photo album and fascinating historical study, *Houses and Gardens of Kyoto* is sure to be the standard reference work on this topic for many decades to come.

"The book will plunge you into a complex world of well-organized traditional architecture and serene natural settings. You will learn the subtleties and secrets behind some of Kyoto's most remarkable houses and gardens. You will visit temples and ryokans and enjoy the changing seasons of their environment. The book is a great reference for Kyoto lovers as well as an enticing introduction for first-time visitors. I enjoyed learning so much and admiring the quiet beauty of the pictures!"
