Raven has over 20 years experience in heading his own security firm. The best way to beat the bad guy, is to out-fox him or her. And that's what is provided here, down to the detail in all aspects of your life and belongings AND information trails (amongst the most valuable/vulnerable)-- about how the criminal-burglar goes about their nefarious 'craft'... if I may call it that. Taking here craft, to Top craft, and all the whistles in between, I am very pleased with this book both for its lucidity, and its simplicity. You won't get over-whelmed: Paul won't let you!

This will give you an insight to how a burglars mind works covering all aspects of security, safety and peace of mind, once you have read this book which gives very practical unique and often no cost advice and tips to protect your home and family, it will help you greatly reduce the chances of becoming a victim of crime, also covers caravan, mobile phones, distraction and bike theft. Paul Raven (The Author) has spent so much time trying to think like, and understand how, a burglars mind works, Paul decided to share his 22 years experience and ideas in the hope it will help many homeowners avoid becoming a victim of crime. There is a very practical chart to self-assess your own property, to help you understand How a Burglars mind works and avoid becoming a victim of crime.
