Jeff Beneke : How to Build a Fence: Plan and Build Basic Fences and Gates. A Storey BASICS Title before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Build a Fence: Plan and Build Basic Fences and Gates. A Storey BASICS Title:

0 of 0 people found the following review helpful. The Title is Misleading by a Mile!! By 499LakeI was expecting a normal size book with photos and illustration of different fence styles, with info on how to choose the fencing for your needs and lots of construction tips. Instead, I received a small book, with general information on how to build a fence, which I have done before. There are a ton of technical details that go into a great looking and great performing fences

for your yard. You won't find in this book about how close pickets should be or if your fence should be slightly above grade to prevent weeds along the edge of your fence. I did not gain new information about hinges or gates. In closing we donate this book to our local library last week. 0 of 0 people found the following review helpful. very informative and easy to follow. By Alvinus Melius This book is well written and offers all the information you need to construct your own fence. I would highly recommend it to any DIY enthusiasts looking to build a fence of any kind. 0 of 0 people found the following review helpful. waste of money. By Cheryl Newman It's a tiny paperback, with limited information, lousy pictures. waste of money

Whether you want to protect your garden, provide a safe enclosure for pets, or add privacy, this Storey BASICS guide covers you everything you need to know to build the perfect fence. Offering clear step-by-step instructions, Jeff Beneke shows you how to construct a variety of fences from wood, vinyl, and chain link. With designs that are easily adaptable to all types of yards, you'll soon be putting up a functional and beautiful fence that works with your landscape.

From the Back Cover Exactly What You Need To Know Build a simple fence perfectly suited to your needs, whether to protect your garden, keep your animals safe, or add privacy to your yard. Covering a variety of fencing materials, Jeff Beneke, offers step-by-step instructions for designing and building several basic styles, including picket, vertical board, and chain-link fences. Even with no prior building experience, you can construct a useful, good looking fence that will stand strong in your yard for years.
