PopeAuthor does an excellent job in explaining greenhouse technology and is a good reference book for all greenhouse planners. I give this book an A6 of 7 people found the following review helpful. What is the right greenhouse for you?By L. MilneThis book will answer, in it's glossy pages and color pictures, all the questions you have about your own greenhouse, including the best type of greenhouse for you, the styles you can buy and build, greenhouse growing techniques, solar power, hydroponics, and more. Also in this book, window greenhouses, hotbeds, and lath houses. A great introductory volume.
