Jim Fox : How to Buy the Right Plants, Tools, and Garden Supplies before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Buy the Right Plants, Tools, and Garden Supplies:

0 of 0 people found the following review helpful. OWN THISBy Amy RybergI am a seasoned and passionate gardener. I found the observations clear, direct, and helpful. He aims to have you spend less \$\$, waste less time and

energy on unproductive activities, and he succeeds. He has obviously had A LOT of issues with difficult, demanding, rude, self-centered customers / clients, as he peppers the book with hints on how to behave appropriately, treat nursery and garden center people properly, so as to get better service and generally be a nicer person. 0 of 0 people found the following review helpful. This is a keeper! By Savannah This is an excellent garden guidebook, written with humor and practical knowledge and information. I will refer to it often -- after reading it cover to cover!

Are you confused by all the choices when you visit a nursery? Do you get sticker shock when you see how much that nice little shade tree costs? Let Jim Fox, a nursery professional with over twenty years of experience, show you how to become a savvy garden consumer and get the most for your hard-earned landscaping dollars. *How to Buy the Right Plants, Tools, and Garden Supplies* will arm you with a wealth of knowledge! You'll learn how to determine if a plant is healthy, how to choose the right size, how to correctly read the plant tag, how to choose the best tools and supplies for your needs, and how to confidently recognize a well-made tool. In addition to helping you navigate the nursery, it tells you what you need to know before you get there and offers helpful tips on how to successfully garden once you get home. With this essential guide in hand, you'll never experience buyers remorse again!
