Pam Schodt : How to Cook Spaghetti Squash (And Grow It Too!) before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Cook Spaghetti Squash (And Grow It Too!):

0 of 0 people found the following review helpful. A cook book that tells you how to grow what you cook, too.By KennethA very interesting presentation with excellentadvice for cooking and growing spaghetti squash.2 of 2 people found the following review helpful. Concise and to the point!By DG027I had been hearing about spaghetti squash as

an alternative to pasta for several years. My Dad gave me this book. "How to Cook Spaghetti Squash" is a useful guide. I'm not sure I would grow it (no green thumb) but I will definitely try cooking it now with the help of this book!

Those who have never heard of Spaghetti Squash may imagine a heaping plate of pasta with slices of yellow squash mixed in and sprinkled with a generous portion of Parmesan cheese. That would be incorrect although it sounds delicious! Spaghetti squash is a vegetable that grows in noodle form and, therefore, lends itself as an excellent substitute for traditional pasta. *How to Cook Spaghetti Squash (And Grow it Too!)* describes everything you need to know to produce a crop from a seed packet of Spaghetti Squash, and prepare delicious dishes. Spaghetti Squash is a very unusual vegetable. The author learned about it from a cooking show, and was intrigued. Since then, Pam Schodt has cooked Spaghetti Squash in many different recipes, and grown it in her garden. Recipes in the book include Bacon and Spinach Spaghetti Squash, Easy Sauted Spaghetti Squash, Spaghetti Squash and Sausage, and others. With the help of *How to Cook Spaghetti Squash (And Grow it Too!)* enjoy many healthy and tasty meals of Spaghetti Squash that you have grown yourself. Your family and friends will be very impressed and will be so happy with the fruits of your harvest!

About the Author Pam Schodt, M.S., is a Master Gardener Volunteer for Franklin County, North Carolina. She is the author of several blogs including a gardening blog, Garden Lady, which can be found at www.gardenladylovesbirds.blogspot.com. She lives near Raleigh, NC, with her sons, husband, and cat.
