Richard Bird : How to Grow Greens: A gardeners guide to growing cabbages, brussels sprouts, broccoli, kale, lettuce, cauliflower and spinach, with step-by-step techniques and over 150 photographs before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Grow Greens: A gardeners guide to growing cabbages, brussels sprouts, broccoli, kale, lettuce, cauliflower and spinach, with step-by-step techniques and over 150 photographs:

0 of 0 people found the following review helpful. growing greensBy calvin deanLearned some things from this book. Was shipped fast. Great product. I am very pleased with my purchase.3 of 4 people found the following review helpful. Not Worth The MoneyBy BruceThis book has essentially zero information in it. I have seen magazine articles that were more informative. Save your money and look at a couple of web sites. It does have some pretty pictures in it

if you feel like buying pictures.0 of 0 people found the following review helpful. how to improve skillsBy Marilyn K. Huntvery good book and we keep being amazed at what we can learn by studying.

An illustrated gardener's guide to the different varieties of greens, their history and cooking uses.

About the AuthorRichard Bird has contributed to numerous publications and has been magazine editor for Focus on Plants, The Hardy Plant, Alpine Gardening and the Alpine Garden Society's magazine Bulletin. He is also a full-time author on gardens and plants and has written more than 30 books.
