**William Turner : How to Grow Melons - Three Articles** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Grow Melons - Three Articles:

All aspects of melon growing are dealt with in this handy volume written by various experts on the subject.

Thoroughly recommended reading for the budding gardener, it contains a wealth of information forming a complete how-to guide. Extensively illustrated with black and white photographs. This book contains classic material dating back to the 1900s and before. The content has been carefully selected for its interest and relevance to a modern audience.
