worth my time, and all praised *How To Grow Potatoes: The Guide To Choosing, Planting and Growing in Containers Or the Ground (Inspiring Gardening Ideas) (Volume 25)*:

7 of 7 people found the following review helpful. Very informative little book. By Marilyn Parmelee This is a great little book and I learned a lot from it. I loved the detailed instructions and honestly, I never knew there were so many different kinds of potatoes you could plant. After reading the book, I've decided I definitely want to plant in containers. I think it will be the best way for me to learn. I appreciated the info and tips on keeping the plants healthy. This book is easy to read. 0 of 1 people found the following review helpful. Five Stars By CHAS F. MARISCHENThank you. 0 of 0 people found the following review helpful. Four Stars By Robert Barackmangood

"How To Grow Potatoes - The Guide To Choosing, Planting and Growing in Containers Or the Ground" is for anyone who wants to know how to grow their own delicious potatoes at home. Growing potatoes can be easy but there are all sorts of pitfalls and problems which could potentially ruin your crop. Enjoy growing your own potatoes as "How To Grow Potatoes - The Guide To Choosing, Planting and Growing in Containers Or the Ground" explains all about the potential pitfalls and how to avoid them. Discover today how to grow potatoes at home!

About the Author Jason Johns is a keen gardener who has been growing produce at home for over twenty years. From his first adventure into growing tomatoes which resulted in the greenhouse becoming a jungle to his latest experiments with giant pumpkins, giant carrots and giant onions, he is keen to experiment and loves growing plants. Having built up his knowledge from experimenting with different growing methods and by learning from the older generations he is keen to grow unusual and different plants. He is passionate about organic gardening methods and practices it on his allotments.
