William Star Dana : How To Know The Wildflowers: A Guide to the Names, Haunts, and Habits of Our Common Wild Flowers before purchasing it in order to gage whether or not it would be worth my time, and all praised How To Know The Wildflowers: A Guide to the Names, Haunts, and Habits of Our Common Wild Flowers:

2 of 2 people found the following review helpful. great findBy Eileen Sapaughsuch a great find! I love books on wildflowers and vintage ones are so great to own. I love how it is poetic and factual. this book looks brand new, came swiftly and well packed. this is a must have for wildflower lovers0 of 0 people found the following review helpful. Five StarsBy Patricia A. JayBook is very helpful to teach my great grandsons, Hunter, and Mason the different flowers in their hometown.4 of 4 people found the following review helpful. Wildflower IdylBy Sylvia CarterThis book is a classic, with its appealing and loving descriptions of wild flowers. Perfect to take along on a spring time walk, even though it is not a now-traditional Peterson sort of guide. It gets to the heart of the flowers.

Here is a classic American wildflower book, now in paperback, as useful and entertaining today as when it was published almost 100 years ago. All the botanical information has been updated, and the original line drawings have

been reprinted, plus twenty-five new color plates from the gift edition published last year.
