**Pat Porter : How to Sell Your Land Faster: Proven Ways to Improve the Value Desirability of Rural Land** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Sell Your Land Faster: Proven Ways to Improve the Value Desirability of Rural Land:

3 of 3 people found the following review helpful. A terrific resource for professional Realtors and land owners alikeBy horrorgirl donna I am a failed Realtor and I wish I had this guide before I decided to change careers. This book is

perfect for people who are in the business or who own land and would like to be able to handle their own land sales and purchases. This quick, concise guide offers you eleven steps to add value to your land and increase its worth and appeal to potential buyers. With the state today's market oversaturated and overpriced with both product and sales people even the most attractive pieces of land and the most experienced and savvy agents can get lost in the crowd. Author Pat Porter, a successful land broker shares his experience in land sales from adding cost-efficient improvements to understanding easements. Plus, he offers his own insight on the most important aspects of land selling pricing your product in a way that will get the attention of potential buyers. I can't recommend this guide strongly enough to anyone who is considering a land sale or purchase in the near future. 0 of 0 people found the following review helpful. Great Book: Essential Tips for Selling Land Faster. Each page full of great information and examples to draw from. By Firebird2707 This book is well suited for anyone interested in either selling their own property or an agent who is looking for ideas. It hits all the typical and some of the unusual struggles that sellers face when putting their land up for sale. If you're thinking about selling your property or you currently have it listed, it is definitely well worth reading this book. Some of the tips in this book are easy to follow and could potentially bring an even greater return on your sale than otherwise possible. A solid read filled with actual events, sales, and experiences to draw from. The true-to-life examples take the good ideas/tips outlined in the book and provide actual measurable outcomes for the reader to evaluate. This is priceless knowledge when it comes to selling land. I also enjoyed the fact that every page and paragraph was filled with "nuggets of knowledge." Will continue to purchase books from this author. 0 of 0 people found the following review helpful. Yes, well worth its low cost because of the vast ... By Jeff Schwarz Yes, well worth its low cost because of the vast usually unavailable info in the book. Any and every Realtor and land investor should read and study.

Do you own land?

About the Author Pat Porter is the broker for RecLand Realty, a leading land broker located in Monroe, LA. RecLand is the Duck Commander Buck Commander Endorsed Land Broker and sells hunting land, timberland, farm land ranches in Louisiana, Arkansas, Mississippi, Texas, Iowa, Missouri. Pat is a father to three active Louisiana boys and married to his first wife, Elizabeth...a Louisiana girl! They all spend too much time hunting, fishing or getting ready to hunt and fish. Pat and his land agents advise owners almost daily on how to improve their property. He is now making that information more widely available. Pat is always accessible.
