9 of 9 people found the following review helpful. The True Facts and Practicalities about Solar PowerBy GordyIf

you're considering going solar, and want both practical and technical information before taking the leap, this is the book to buy. I first discovered a copy on a friend's bookshelf while visiting him in Pittsburgh over the Christmas holidays. It's very well written, easy to understand and follow, and covers all aspects related to the realm of solar power. It's a great investment, you can't go wrong with this one! 0 of 1 people found the following review helpful. Very informative
