Now, I'm on a learning crash course and while this book is a few years old, the pictures are...super great! Even fun to go through without needing to solve a problem (thankfully). And the guys I've shown it to are impressed with the book! 1 of 1 people found the following review

helpful. Must have for HomeownersBy Jean DufresneWonderful!We purchase one of these for every single family client we work with.And our team has learned a lot from it too.0 of 0 people found the following review helpful. Three StarsBy Lee V.Just the basic, not going to deep to particular subject.
