Bruce Taylor Hamilton : Human Nature: The Japanese Garden of Portland, Oregon before purchasing it in order to gage whether or not it would be worth my time, and all praised Human Nature: The Japanese Garden of Portland, Oregon:

3 of 3 people found the following review helpful. human nature: the Japanese garden of portland , OregonBy daunnThis book is wonderful even if you are not a garden lover. The photographs and commentary about the garden is wonderful. I have been to Japan and I think this garden is equal and somewhat more beautiful in many ways than many I have visited in Japan, and I do not say this lightly , considering how much I love the gardens of Japan. I can not wait to visit this beautiful place. Signed Daunn Munn.2 of 2 people found the following review helpful. GorgeousBy Teresa Reinhardtplace - read somewhere that it is at its peak and one of the best in the world. Oops, I am biased, living in Oregon. Great description, wonderful photography (only wish the book were larger).0 of 1 people found the following review helpful. Small pictures.By hhVery small pictures, ok if u want to get an idea of the gardens.

A guide and history to one of America's great gardens. It details, in an informing and readable style, the story of Portland's Japanese Garden - how it came to be what it is today. Contains 150 photographs and illustrations - most in color - along with a map of, and text sections describing, the five main gardens. For visitors to the Garden, this volume will remain a treasured memento. For those who have yet to avail themselves of the pleasures of this sublime place,

this book will give inspiration to visit one of the world's most beautiful gardens.
