survival contains good, very basic information. Its a good book for someone who hasn't prepared for a hurricane before.

Hurricanes are powerful storms that can easily cause massive damages to homes and possessions as well as cause personal injury. The best way to survive a storm is to prepare properly for it in advance. Hurricane Preparation and Survival will give you the information you need to prepare for any storm. We will show you ways to reduce damage, prepare for the aftermath of the storm and to minimize inconvenience during the cleanup and recovery. Hurricane Preparation Survival includes information that anyone can use to make living through and cleaning up after storms as easy as possible. It is a must for any homeowner who lives anywhere these dangerous and powerful storms can hit.
