Erin Morrow : Hydroponics For Beginners: Essential Hydroponic Gardening Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Hydroponics For Beginners: Essential Hydroponic Gardening Guide:

0 of 0 people found the following review helpful. good for your firstBy JOHN O.this is more basic with no pictures

book, it could have more info but it is good to get your mind wrapped around the idea. but you may wish to buy a more advance book

Hydroponic gardening is a method for growing plant material for consumption primarily, but can also be used for an aesthetic garden if desired. It has a high yield potential with not as much effort required as compared to traditional gardening, but the initial setup of the system as a whole does require a higher initial investment.
