7 of 7 people found the following review helpful. Great Reference for New Pool Owners By CW Fitz If you've got a new pool (or want to know more about the pool you already have) then this is a very good introduction. The author does a commendable job in explaining how everything ties together, what pool chemistry is all about, and offering useful tips and techniques. And, it's very readable. 1 of 1 people found the following review helpful. Know a few things about a pool first.... By Customer I guess I am a dummy; this book could have been a little simpler for me to be able to understand it all.... but it did help.... 5 of 5 people found the following review helpful.
