Scott Atkinson : Ideas for Great Wall Systems before purchasing it in order to gage whether or not it would be worth my time, and all praised Ideas for Great Wall Systems:

0 of 0 people found the following review helpful. save your moneyBy mam gallinai buy this book becose the great reviews and looking something wall systems new or useful... but this is not a great book. The pictures are simple without amazing ideas... save your money, don't buy this book! is nothing great or new in this book.4 of 4 people found the following review helpful. A very good idea book for wall systemsBy Richard SherwoodI am a custom carpenter in Metro Detroit, and purchased this book a while back as an idea book for wall systems. I have been very pleased with the book. It has great photos of a wide variety of ideas that can actually be used in a normal person's home. It also presents well to my customers. Many do not. I would definately recommend this book.0 of 0 people found the following review helpful. Five StarsBy C.L.This is one of my favorite project guides and I paid a great price for it.

Home in on the wall system that's just right for you with this new, expanded, and thoroughly updated edition of IFG Wall Systems. Built-in vs. movable, storage vs. display, custom vs. ready-made-they're all covered. Plus, appropriate dimensions to store books, CDs, electronics, clothes, and more. From simple shelves to more complex entertainment components, the Photo Gallery provides a 60-page visual reference of the best available wall system options. The Shopper's Guide steers you through all of the components, including shelves and brackets, doors and drawers, hardware and accessories, and storage furniture and media centers, so you can create your own ideal configuration.
