Stones and rocksBy StimpzyThis is a good book if your looking for ideas and pictures, but it is very weak on actual plans and installations.0 of 0 people found the following review helpful. Needed more informationBy nina l KauppIt has great pictures, but didn't give any advice on how to create a rock garden or walkways.0 of 0 people found the following review helpful. Nice idea book with picsBy T BowenLots of nice pics and ideas

This book offers inspiring and creative ideas for using stone in the landscape, including water features and rock gardens, fireplaces and fire pits, and archways and grottos. Materials comparisons, construction specifications, and the basic techniques of working with stone are presented in detail in an easy-to-follow final chapter. Large and small projects are covered, from columns to sheds and pool houses. The process of choosing and managing landscaping professionals is also covered in detail.
