Jerri Farris : IdeaWise: Porches Sunrooms: Inspiration Information for the Do-It-Yourselfer before purchasing it in order to gage whether or not it would be worth my time, and all praised IdeaWise: Porches Sunrooms: Inspiration Information for the Do-It-Yourselfer:

3 of 3 people found the following review helpful. Good book - but its focus for my purpose bit offBy ArieThe book is not all bad - but I had hoped for more interior decorating approachesvs. the construction focus.2 of 2 people found the following review helpful. Can't get enoughBy CustomerI am planning to build my own home in the next 5 years, so, I am very interested in outside structures as well. This book has a nice variety of of both porches and sunrooms. It sparked several good ideas in me.2 of 2 people found the following review helpful. Porches and Sunrooms With Great IdeasBy Audre JonesThis book gave us great ideas in planning our garden conservatory. The cost of the book was

small compared to the great ideas it gave us. A fun book to spend time looking at.

In today's homes, porches and sunrooms offer indoor comfort with all the beauty and charm of nature and the outdoors. A porch or sunroom is a place where we can relax and enjoy all the pleasures of being outdoors without the nuisances of extreme temperatures, rain, or pests. And no longer are porches and sunrooms purely seasonal spaces suitable for use only on pleasant, mild evenings in certain seasons. New technology in patio doors, skylights, windows, solarium systems, and heating and cooling systems means that today's sunroom or porch is a four-season space. They are just as energy efficient as any other room in the house, and for this reason it's common today for a porch or sunroom to serve as a home office, as a family room, as a regular dining area, or even as a bedroom. *IdeaWise Porches Sunrooms* will show readers how to plan a sunroom or four-season porch that best suits a family's needs, and also how to furnish and decorate that space for maximum enjoyment and usefulness. It also includes dozens of ideas for making this special space truly unique.

About the Author Jerri Farris has written several leading books on practical home decor and home improvement. She writes from a sunroom that faces the morning sun at her home in Kansas City, Missouri.
