Great help in getting our pollinator garden set up. We also used it to help us pick planting that would date with our house (built in the 1850's).0 of 0 people found the following review helpful. Great reference book for garden lovers.By I love web shoppingNice book, handy to have info pertaining to my geographical area. I find it easier to think about several choices for the garden

when I can flip between parts of a book, rather than changing website windows. Great reference book for garden lovers. 0 of 0 people found the following review helpful. Everything an Illinois gardener needs to know
By Customer
This book is a very thorough reference guide about gardening in Illinois. There's a lot of information here about different types of plants, how and when to plant them, and tips on how to care for them. As a novice gardener, I wish there was a bit more information on how to go about planning and designing a garden, but perhaps I need to get an even more basic book like "Gardening for Dummies!" I'm sure this book will be even more useful to me down the line once I'm a bit more knowledgeable about gardening.

Gardening is now the favorite leisure pastime in America. Homeowners are realizing the health benefits derived from gardening and the increase in their home's property value. The "Illinois Gardener's Guide: Revised Edition" is written by the popular gardening expert James Fizzell. It contains easy-to-use advice on the top landscape plant choices (more than 190 entries) for Illinois. It also recommends specific varieties, and provides advice on how to plant, how to grow and how to care for Illinois' best plants. It is a must read for every Illinois gardener.

About the Author
Fizzell has more than 40 years of hands-on horticultural experience. Fizzell has been featured often on television and radio and in leading trade journals, and has become a celebrated guest speaker at industry seminars and horticultural associations throughout the Midwest. Fizzell was the horticultural advisor for the University of Illinois Cooperative Extension Service for nearly 35 years. In 1991, he founded James A. Fizzell and Associates, Ltd., which provides services to professional horticulturists, arborists, municipalities, sports turf managers, media, and other plant experts needing specialized help. Fizzell attended Pasadena California City College and California State Polytechnic College and received his B.S. in Floriculture and his M.S. in Horticulture from the University of Illinois.
