Charmaine Aserappa : In a Japanese Garden before purchasing it in order to gauge whether or not it would be worth my time, and all praised In a Japanese Garden:

2 of 2 people found the following review helpful. Where are my dust covers? By Casey DI am rarely disappointed with my orders, but this time I am. In order of Nov 19, 2013 I received my two copies of the book IN A JAPANESE GARDEN as published. I decided to order four more Dec 9, 2013 for gifts and when they arrived they had no dust covers - one of the nicest parts of the book. Additionally the books in the second order cost \$9.25/ea and the first were \$8.96/ea. Can anything be done to rectify this? Is it possible to get new books with dust covers? Should I return these? Many thanks, Ken Dardenne 0 of 0 people found the following review helpful. One Star By Customererro small too dark the illustrations 0 of 0 people found the following review helpful. Received without dust jacket very disappointing By Lou I recommend this great book but do not buy it here because it comes WITHOUT the beautiful dust jacket. This was quite a disappointment since I have one with the dust jacket purchased in the past and I fully expected these 5 that I just ordered to have them also. I cannot understand how you can show the book with the dust jacket and then send them without it. There is a dragonfly on the hard cover. That is it. This should be explained to me since I sell on and would not do such fake advertising of a book I was sending out.

Lovers of Japanese meditation gardens, tea ceremonies, exquisite rice papers and finely bound collections of haiku will be charmed by the handmade look and feel of this beautiful volume. Each exquisite verse and original woodcut

expresses a thought based on elements of the garden for making life more beautiful.
