From Brand: Nova Science Pub Inc : Innovations in Energy: Efficient Technologies for Buildings (Energy Science, Engineering and Technology) before purchasing it in order to gage whether or not it would be worth my time, and all praised Innovations in Energy: Efficient Technologies for Buildings (Energy Science, Engineering and

Technology):

Today's buildings consume more energy than any other sector of the US economy, including transportation and industry. This book discusses the building technologies program, as well as technologies and products supported by them.
