**P. Aquatias : Intensive Culture of Vegetables: With a Concise Monthly Calendar of Operations (Gardening in America)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Intensive Culture of Vegetables: With a Concise Monthly Calendar of Operations (Gardening in America):

9 of 9 people found the following review helpful. Amazing Book!By Rebecca DieffenbachAbsolutely marvelous,

great if you love history and from a practical standpoint it makes more sense to farm/garden this way!! Give you exact directions and how to instructions for those just starting out and explains the whole process in depth!! I love it and it will be one of those permanent books in my house.

""This 1913 volume provides complete directions on intensive vegetable culture, helping home gardeners to get the most production out of their available land while maintaining high soil fertility.""
