WoodallThis book has a beautiful front cover and several pages of color photos. However, the vast majority of the book is comprised of house plans, many of which that do not have porches other than small stoops. These house plans contain no specific reference to porches, there are no individual porch plans, drawings or elevations. This is a very disappointing book that utterly fails to live up to it's cover....5 of 6 people found the following review helpful. Beautiful Plans for Homes with PorchesBy CajunsnowbirdyI picked this book up when I was looking for a house plan that included porches (which the first reviewer should have

known if they'd read the title!). I'd looked through so many house plan books and found the perfect plan in this book! It's great! Lots of color pictures and beautiful house plans. If you're looking for something different, this book is for you.

Inspired by the welcoming feeling porches provide, this brand-new collection provides a stunning link between shelter and nature. Opening with a full-color Design Gallery, *Inviting Porches* offers a 32-page showcase for some of the most beautiful examples of this highly sought after home feature. A wide variety of exterior styles that run the gamut from cozy Craftsman designs with distinctive front porticos to expansive Victorian styles with wraparound porches. Modern, open, floor plans offer smooth room flow and ease of living for today's active family. Complete construction blueprints available for every home. Rediscover the spirit of community and the simple pleasure a porch can add to your life. Whether your ideal is a recreation of a country Farmhouse or the warm exotic look of a lavish Mediterranean manor. You'll find the perfect plan in *Inviting Porches*.
