The book gives you many options in referencing each type of rose class. It offers many types of plants for companions. Only thing to take into consideration is, does

that recommended plant grow in your area. 12 of 12 people found the following review helpful. Good guide for Cottage Garden with Roses By Janet Duncan I was very happy to find that a professional okays the planting of other flowers around roses rather than just having them sitting in lonely positions surrounded by bare dirt in formal rose garden. The author did, however, spend more time talking about individual roses than he did about the mechanics/care needed for success in the garden beds in mixing the plantings. I'm glad I read the book. 0 of 1 people found the following review helpful. Five Stars By Pancake Very helpful.

Rose Companions will give gardeners of all levels the information they need to create a beautiful landscape, whether they already have an established garden and want to add roses and other plants to it, or if they are growing roses and want to enhance them with companion plants, or if they are starting from scratch and have always dreamed of a garden lush with flowers-including roses.

About the Author Stephen Scanniello is a popular author, lecturer, and landscape design consultant. He has written four books on roses-Roses of America, Climbing Roses, Rose Companions and A Year of Roses. The latter received the American Horticultural Society's Annual Book Award in 1998. Scanniello is credited with transforming Brooklyn Botanic Garden's Cranford Rose Garden into an internationally acclaimed rose garden. He is known for combining the technical expertise of a knowledgeable rosarian with an approachable style that communicates to even the most novice gardener. Teri Dunn has written for Horticulture Magazine and catalogs like Jackson Perkins and Burpee. She has authored fourteen gardening books including Can't Miss Flower Gardening, and Potting Places, which was featured in Country Homes Gardens' book club in August of 1999. Her work in the Jackson Perkins rose catalogs of 1996 and 1997 earned her two Catalog Age Gold Awards. She was also awarded a Quill Trowell Honorable Mention from the Garden Writers of America for her 1993 article "Seeds Blum." In the fall of 1999, she was featured guest on the Discovery Channel's "Home Matters" show.
