Chris Marshall, Bill Hylton, Woodworker's Journal, John English, Chris Inman, Rick White, Ian Kirby, Jeff Greef, Rob Johnstone, John DeWaard, Ralph Bagnall, Carol Reed, Jim Dolan, Jack Gray, Barry Chattell : Jigs Fixtures for the Table Saw Router: Get the Most from Your Tools with Shop Projects from Woodworking's Top Experts (Best of Woodworker's Journal) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jigs Fixtures for the Table Saw Router: Get the Most from Your Tools with Shop Projects from Woodworking's Top Experts (Best of Woodworker's Journal):

2 of 2 people found the following review helpful. Beautifully printed and incredibly well illustrated yet dated material and ...By LTBeautifully printed and incredibly well illustrated yet dated material and not one that I would make for myself. In every instance I think there are improved designs. Bottom line, as much as I love books and have an abiding passion for woodworking, I'm sorry I bought this. On usefulness today compared with what a web search will provide I'd rate it zero. On production quality it is a definite 5+ Please give us a volume as beautiful as this filled with the best Jigs Fixture ideas and designs available now.0 of 0 people found the following review helpful. Three StarsBy jeffyUseful1 of 1 people found the following review helpful. Publisher of a fine magazine and books for the woodworkerBy David D. SmithA great read from Woodworker's Journal. I enjoy building jigs and fixtures in my shop almost as much as the projects they are intended for. Whether of my own design (which is rare), or from a source such as this book, I find it very satisfying to utilize tools I've had a part in building. This publication is a great asset.

Get the most from your table saw and router while displaying your craftsmanship with these 26 ingenious projects from the pages of Woodworker's Journal.

Nearly thirty projects and instructions on how to make jigs and fixtures for safer and faster woodworking are packed into *Jigs Fixtures For the Table Saw Router*, a guide which uses the experience of the editors of *Woodworker's Journal* for a range of innovative projects. From technical drawings and easy step-by-step instructions complete with materials lists to color photos throughout, homeowners who have a woodshop will find this an excellent - and essential - guide, as will libraries catering to home crafters and do-it-yourself patrons. From the Back Cover **JIGS FIXTURES for the Table Saw Router** The table saw and the router are the heart of any active woodworking shop. It's no surprise then that woodworkers will spend a great deal of time designing and building the jigs and fixtures to maximize the productivity of these important tools. Now, with the help of *Woodworker's Journal*, the most trusted name in the woodworking community, getting the most out of your table saw and router is easier than ever. With 26 ingenious jig and fixture projects from *Woodworkers Journal* right at your finger tips, you can harness the potential of your equipment while also displaying your woodworking craftsmanship. Each project is accompanied by detailed plans, expert instructions, and helpful tips to ensure your finished project is well-built and a productive enhancement to your table saw and router. What's Inside: * 26 well-designed and innovative jigs fixtures * Technical and exploded drawings * Material lists for each project * Easy-to-follow, step-by-step instructions * Helpful quick tips from the experts Other Books in The Best of *Woodworker's Journal* Series: *Boxes, Clocks, Lamps Small Projects Over 20 great Projects for the Home from Woodworking's Top Experts* *Craftsman Furniture Projects Timeless Designs and Trusted Techinques from Woodworking's Top Experts* About the Author Chris Marshall (Sunbury, OH) is the author of dozens of books and hundreds of magazine articles on woodworking and home improvement. He is a contributing editor at *The Woodworkers Journal*. Bill Hylton is a longtime woodworker and woodworking writer. He writes a column on power tool joinery for *Popular Woodworking* magazine and is a frequent contributor to *Woodworker's Journal*. He is a renowned authority on the use of the router and router table. His book, *Router Magic*, is the bestselling router book of all time. One of the most respected magazines in the field, brings the voice of expert woodworkers to its readers. The publishers believe in a "community" approach to woodworking, where good design is not a secret to be guarded, but shared, and woodworkers learn from one another's mistakes and successes. John English is a contributing editor of *Woodcraft Magazine* and a former editor of *Today's Woodworker*. His work has appeared in numerous woodworking magazines, including *American How-To*, *Fine Woodworking*, and *Woodshop News*, and his syndicated how-to and home repair columns have appeared in newspapers across the United States. He is the author of *The Building Buddy*, *Toys Accessories*, *Woodworking Essentials*, and *Workshop Projects*. He lives in Casper, Wyoming. Ian Kirby is a British trained furniture maker. He began his training with the Edward Barnsley workshops and went on to study wood science and technology and enrolled in the four-year design program to Leeds College of Art. He did his graduate work at the London School of Furniture. He has written 5 woodworking books and is a frequent contributor to *Woodworkers Journal* as well as *Fine Woodworking*. He lives in Milford Connecticut.
