Joseph Dirand, Yann Sillec, Sarah Medford : Joseph Dirand: Interior before purchasing it in order to gage whether or not it would be worth my time, and all praised Joseph Dirand: Interior:

6 of 6 people found the following review helpful. This could have been a amazing monograph on Joseph Dirand, but is not. By Dan Weinstein Looked forward to the first monograph on this amazing designer but I was very disappointed when I received it. While the book uses first class paper there is very limited text and the photos are nowhere near the quality that you would expect from Rizzoli. I wish I could have previewed this book before I ordered it. All in all a disappointment!

The first monograph on one of today's most celebrated architects, renowned for designing interiors that combine minimalism with classic French style. When describing a space that intertwines both minimalism and elegance, the name Joseph Dirand immediately comes to mind. The son of Jacques Dirand, one of the most renowned interior

photographers of his time, Joseph Dirand is now one of the most sought-after architects. By incorporating a quintessentially French style into otherwise minimalist interiors, Dirand creates instantly recognizable spaces, known for their strong lines and meticulous precision. This book focuses primarily on Dirand's residential interior design work in Paris and New York, while also featuring some of his acclaimed designs for the interiors of hotels, restaurants, and fashion houses worldwide. Lavishly illustrated with photography that captures the timelessness of his style, which touts impeccable proportions and breathtaking attention to detail, *Joseph Dirand: Interior* is a feast for the eyes and essential for anyone with an interest in interior design.

"In his first monograph, *Joseph Dirand Interiors* (Rizzoli, \$65), the acclaimed French architect offers a riveting journey through his creative process. Gorgeously illustrated with 200 photographs of his residential and commercial design projects, primarily in Paris and New York, the book captures the minimalist's irresistible sense of purity, proportion and sublime detail." *Cottages Gardens*

About the Author: Joseph Dirand is a Parisian architect and interior designer whose work is renowned for its extraordinary precision and elegant minimalism.
