Jeanne Huber : Kids' Places to Play before purchasing it in order to gage whether or not it would be worth my time, and all praised Kids' Places to Play:

3 of 3 people found the following review helpful. Gave me some good ideas but more for the beginner builderBy s12msThis book is an excellent resource for people who seldom build anything. I am a builder by trade so some of the book was more just a structural guide that I didn't need. I did find some ideas that I hadn't thought of so it was still worth the money to me.0 of 0 people found the following review helpful. The ideas in this one are pretty rudimentary. Found it uselessBy tellerwas looking for an idea book on play structures. The ideas in this one are pretty rudimentary. Found it useless.0 of 0 people found the following review helpful. Five StarsBy CustomerEverything was as expected.

Playtime never looked so good! This delightful new volume is packed with ideas and how-to instruction for innovative play structures, tree houses, sandboxes, swings, kid-friendly water features, and more. Twenty-four fun-filled projects

include ways to involve children in the planning and building process. Shows how to attractively integrate play areas into the overall landscape design with a special section on family gardens. Detailed step-by-step photography and art show how each structure is built. "Quick Ideas" offers ideas for enhancing playtime with props, fun additions, and projects.
