By Michelle Redford
As a huge fan of Rose Grey, I found this book endearing because of its stories of Rose and the skills she taught her children in the kitchen. Lucy's writing is heartwarming and her recipes are exactly the kind of food I like to eat every day. Beautiful photos too.

Good read nice food and just neat stories
awesome storyteller! Loved the format from winter to spring the only draw back was just like many other cookbooks the author finds a ingredient (in her case rocket) and over uses it throughout other then that its Great!

Lucy Boyd, head gardener for Michelin-starred cafe Petersham Nurseries and trained chef understands ingredients, and knows how to turn them into extraordinary food. "I absolutely love this book - exactly the sort of food I'd love to eat every day for the rest of my life." - Jamie Oliver "A spectacular cookbook - sensitively and intelligently written from a great gardener, chef and the daughter of a cooking legend." - Jamie Oliver Quality ingredients - in season, simply cooked and perfectly prepared - are at the heart of Lucy's cooking. This beautiful debut collection of irresistible ingredient-inspired recipes is full of Lucy's passion and knowledge of produce. Following a serendipitous apprenticeship into cookery as the daughter of Rose Gray, founder of the River Cafe, Lucy went from planning and cooking dishes alongside Rose for both the family and customers, to lovingly creating the much-lauded kitchen garden at Petersham, providing vegetables and salads for the cafe and for Petersham's owners Francesco and Gael Boglione. Her myriad cooking and gardening experiences has guided Lucy throughout her 8-year partnership with award-winning chef Skye Gyngell as well as nurturing a fascination for Italian vegetables and salads, herbs and edible flowers, a fascination which continues to heavily influence her cooking. This cookery book, complete with stunning, fresh photography and Lucy's poignant memories describing a recipe's origins is essential for anyone with a passion for good food. From Summer Girolles, Veal Loin and Rocket to Cicoria, Mozzarella, Tomatoes with Marinated Salted Anchovies, Lucy's food effortlessly combines quality and simplicity, making this the perfect gift for foodies everywhere.

"Kitchen Memories is steeped in that feminine approach: luxuriating in the freshness and seasonality of things, a sensual pleasure in combining ingredients that go simply together. It's a homage to her mother but in a quite distinctive style. It's my cookbook of the summer." London Evening Standard "Like a fantasy football team, Kitchen Memories is your dream cookbook combo."
