**Constantin : Know Your Woods** before purchasing it in order to gage whether or not it would be worth my time, and all praised Know Your Woods:

6 of 8 people found the following review helpful. Know Your Woods: A Complete GuideBy RonThis book seems to be complete and informative for basic information about the subject matter. It is a good reference for basic information. The reader must look elsewhere for detailed information (such as would be of interest to engineers,

scientists, and luthiers).
