Hazel White : Landscaping Small Spaces before purchasing it in order to gage whether or not it would be worth my time, and all praised Landscaping Small Spaces:

0 of 0 people found the following review helpful. Five StarsBy choyoungchilGoooooD13 of 23 people found the following review helpful. What a wonderful bookBy A CustomerWhat a wonderful book this is! Before pictures show you what the site was, many beautiful after pictures show how completetely a garden site can be transformed and the text is just so illuminating. There are many different kinds of gardens and different approaches to making them beautiful and useable. If you buy only one book on designing small spaces, Small Spaces Beautiful Gardens should be the one.

Create beautiful and relaxing outdoor retreats in small or underutilized gardens. Helpful chapters show how to create a

sense of spaciousness and overcome landscaping obstacles such as poor views, too much concrete, or a lack of privacy.
