Editors and Contributors of Fine Gardening : Landscaping Your Home: Creative Ideas from America's Best Gardeners (Fine Gardening Design Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Landscaping Your Home: Creative Ideas from America's Best Gardeners (Fine Gardening Design Guides):

1 of 1 people found the following review helpful. Great Designs professionally presented and explainedBy Dale in RIThis is a very professional landscape design book - I loved the detailed drawings included.22 of 22 people found the following review helpful. Advanced garden design readingBy Bluegrass GalA cut above the typical home-center landscape book. Not another do-it-yourself guide but a collection of design considerations and approaches by multiple

garden/landscape designers. Excellent for those interested in learning more about various principles of garden design. 0 of 0 people found the following review helpful. Nice book By Sue Wilkerson Speedy delivery ... good product. I am happy with this purchase. Lots of landscaping ideas, just wish I had the time and money to landscape my yard!!!

Gardening enthusiasts will be inspired by this series of garden design books from more than 50 of America's best gardeners, landscape architects, horticulturists, and nursery owners. They'll discover a wealth of information on everything from planting perennial borders and garden rooms to landscape layout and gardening in harmony with nature. *Landscaping Your Home* features advice on how to get started, including drawing a site plan, ideas for designing a wide variety of landscape features, and tips for making small spaces look and feel larger.

From Booklist Curb appeal is by now a commonly used term for the process of beautifying the front yard or entranceway of a home. Creative landscaping concepts generally enhance the overall property, so backyards are given equal time in *Landscaping Your Home*, which offers fundamental advice on creating a landscape design from scratch. This collection of useful and enjoyable articles by expert gardeners includes plenty of how-to information--from measuring and drawing the basic layout, to matching one's house with an appropriate design scheme, and creating important focal points.
