If chosen correctly and properly maintained, a high-quality lawnmower should provide many years of trouble-free service. This extensively illustrated, step-by-step practical manual provides the reader with advice on how to choose the best mower for their needs.

About the Author Brian Radam has been involved with lawnmowers for over 50 years, having started as an apprentice at the ATCO Lawnmower Company, repairing hundreds of lawnmowers every week. A one-time lawnmower racing champion, he opened the Lawnmower Museum -- the world's first -- in Southport in 1988, and continues to run this collection alongside his lawnmower repair and garden machinery retail business, Lawnmower World.
