**From Brand: Rodale Pr : Lawns (Rodale Organic Gardening Basics, Vol 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lawns (Rodale Organic Gardening Basics, Vol 1):

0 of 0 people found the following review helpful. Very BasicBy Morgan B.While there isn't anything in here that is incorrect, it is a very thin volume. Pretty much everything in this book can also be found in The Organic Lawn Care Manual by Paul Tukey, but the reverse is definitely not true. I recommend you skip this book and buy Tukey's instead.

Let the editors from Rodale Organic Gardening-- the world's leading authority on organic techniques-- show you how to pick the right grass for your region, plant seed and install sod, mow correctly, and add fertilizer to produce a lush lawn without using chemicals.1 go organic!2 getting ready for planting3 picking the right grass4 new lawns5 essential tools6 mowing tips7 no more weeds8 lawn alternativesCheck out the other three books in this series on Vegetables, Roses, and Soil!
