Leading Residential Landscape Professionals highlights some of the most imaginative, high-end, cutting-edge outdoor spaces being created today. Formal country gardens, urban sanctuaries, contemplative water scenes, and seasonal settings from Alaska to Arizona are all here, explained in detail and highlighted in 300 gorgeous full-color photographs. This lush sourcebook includes ideas and garden features that can be adapted to large and small yards, both for those planning to landscape a home, and those who are simply passionate about their gardens.
