Terry Beckstrom : LIVESAFE: A Practical Guide to Personal and Family Security before purchasing it in order to gage whether or not it would be worth my time, and all praised LIVESAFE: A Practical Guide to Personal and Family Security:

1 of 1 people found the following review helpful. This book is a quick and easy read that can help you become more aware of ...By YoursTrulyR116This book is a quick and easy read that can help you become more aware of your surroundings and your safety.It covers the importance of awareness and the nuances of safety when you are at home,

by yourself, with the family, in the vehicle, at school, in the office, and traveling. Obviously this book cannot cover every situation or threat, but it provides you with the basic skills and awareness that can be applied in most situations. Ultimately, however, the buck stops with you. You can read this book, and others, but if you do not apply the tactics within, you will be as vulnerable as you were before you read the book. As you read this book, consider summarizing each chapter with short statements indicating what actions you need to take in order to better protect yourself. This process will help you focus on several practical steps you can take to "LiveSafe." 1 of 1 people found the following review helpful. Should Be Required Reading! By LoveThatRonWhite If someone knocked at your hotel room door saying that they were hotel staff, would you open the door? When withdrawing cash from the atm drive-up, do you know to have the car in gear and your foot on the brake, ready to get away if nobody's around and you're attacked? Do you know not to be coerced into an abduction, opting instead to fight to the finish right on the spot? This book should be required reading in high school, and would be a great topic for discussion, chapter by chapter, at every family dinner table. It just isn't 1950 anymore. Everyone needs more security awareness. 1 of 1 people found the following review helpful. Terry Beckstrom's book contains good, practical advice for anyone who wishes to keep ... By DJ Taylor Terry Beckstrom's book contains good, practical advice for anyone who wishes to keep their families and themselves safe in this uncivilized world.

A must read book that could actually save your life. The world is changing all around us, and the dynamics of crime continue to move in the wrong direction. The old adage 'The best defense is a strong offense' rings true in the contents of this book, and it is our responsibility to bolster that offense through education and preparation. Criminal activity in the US and abroad affects everyone to some extent, and the days of the 'it won't happen to me' mentality have faded. LIVESAFE will challenge you to make simple adjustments to your lifestyle which will enhance your safety and security, and that of your family. The book offers the reader an eye opening and compelling synopsis of the criminal threats and challenges we face in everyday life, and what we can do to mitigate that threat. Author Terry Beckstrom provides an easy to read, practical guide to personal and family security which no home should be without. LIVESAFE will change the way you think and live, and point you in the right direction towards becoming more aware, focused, and prepared for the threats we face.
